KESARAM VEDA SHRUTHI

Hyderabad, Telangana | 8309152329 | vedashruthikesaram@gmail.com | linkedin.com/in/kesaram-veda-shruthi-0492aa375

CAREER OBJECTIVE

Computer Science undergraduate (B.Tech 2027) with hands-on experience in web development, software development life cycle (SDLC), and programming. Seeking an Infosys internship or Systems Engineer role to apply skills in Java, HTML/CSS, and software engineering fundamentals while contributing to large-scale technology solutions.

EDUCATION

B.Tech – Computer Science and Engineering 2023 – 2027 (Expected)
St. Martin's Engineering College, Hyderabad | Current CGPA: 7.56 / 10.0

Intermediate – MPC (Mathematics, Physics, Chemistry) 2021 – 2023
SSR Junior College | Aggregate Marks: 554

Secondary School Certificate (SSC) 2020 – 2021
Sri Vishwasanthi High School | GPA: 10.0 / 10.0

TECHNICAL SKILLS

Programming Languages: Java, HTML5, CSS3, Python (basic)
Tools & Technologies: VS Code, Git, OpenCV, Tkinter
Concepts: Object-Oriented Programming (OOP), SDLC, Front-End Development, GUI Development, Face Recognition, Data Structures (basic)
Soft Skills: Communication, Team Collaboration, Problem-Solving, Attention to Detail, Adaptability

INTERNSHIP EXPERIENCE

Web Development Intern – Rinex Technologies Jul 2025 (1 Week)
In association with IIT Bhubaneswar Entrepreneurship Cell | Cert ID: WD25-RNI0-5220

- Built responsive front-end components using HTML5 and CSS3, following web standards and cross-browser compatibility best practices.
- Gained hands-on exposure to software development workflows, version control using Git, and collaborative project delivery.
- Delivered structured, validated web pages meeting client requirements under a real-world development environment.

PROJECTS

Attendance Management System Using Face Recognition 2024 – 2025
Role: Front-End Developer | Technologies: Python, OpenCV, Haar Cascades, Tkinter, CSV, Git

- Designed and implemented a Tkinter-based GUI enabling intuitive face registration and real-time automated attendance marking.
- Integrated OpenCV and Haar Cascade algorithms for face detection and recognition, matching against a secured biometric database.
- Implemented liveness detection to eliminate proxy/buddy attendance fraud, improving system reliability and data integrity.
- Automated timestamped CSV-based attendance logs to support payroll processing and record management workflows.

CERTIFICATIONS

- Aviatrix ACE – Multicloud Network Associate | Aviatrix, Inc. | Jan 2026 | Valid: Jan 2029
- Web Development – Certificate of Achievement | Rinex Technologies (Google for Education Partner) | Jul 2025
- Web Development Internship Certificate | Rinex Technologies | Jul 2025
